Stop phone distractions while studying using these hidden physical habits

By the end of this worksheet you will have put "How to Stop Phone Distractions While Studying" into practice at least once.

Your action steps

[ ] 1. Create a separate device zone
Place your phone in a different room before you begin your study session.
Notes: _____

[ ] 2. Use a timed lock box
Place your phone inside a kitchen timer lock box for the duration of your study block.
Notes: _____

[ ] 3. Implement a visual cover strategy
If you must keep your phone nearby, place it face down and cover it with a thick book or a piece of cloth.
Notes: _____

[ ] 4. Disable non-essential notifications
Go into your phone settings and turn off all notifications for social media and entertainment applications.
Notes: _____

[ ] 5. Utilize a grayscale display mode
Change your phone display settings to grayscale to make the screen less stimulating to your eyes.
Notes: _____

Reflection

Which step felt easiest, and which one did you avoid?

_____

What got in the way, and what is one small change that would help tomorrow?

_____

What will you do differently in your next session?

_____

7-day check-in

Day 1: [ ] Practiced Minutes: _____ One-line note: _____
Day 2: [ ] Practiced Minutes: _____ One-line note: _____
Day 3: [ ] Practiced Minutes: _____ One-line note: _____
Day 4: [ ] Practiced Minutes: _____ One-line note: _____
Day 5: [ ] Practiced Minutes: _____ One-line note: _____
Day 6: [ ] Practiced Minutes: _____ One-line note: _____
Day 7: [ ] Practiced Minutes: _____ One-line note: _____

This is a practical exercise, not professional advice. Adapt it to your own routine.
