Stop phone distractions while studying by using these physical barriers

By the end of this worksheet you will have put "How to Stop Phone Distractions While Studying" into practice at least once.

Your action steps

[ ] 1. Establish a remote storage location
Place your phone in a separate room or a drawer located far away from your primary desk area.
Notes: _____

[ ] 2. Utilize a timed lock box
Consider using a physical container that locks for a set duration of time to prevent access to your phone.
Notes: _____

[ ] 3. Implement a visual barrier
If you must keep your phone nearby for emergency purposes, place it face down and cover it with a thick book or a piece of cloth.
Notes: _____

[ ] 4. Designate a device free zone
Define a specific area in your home where phones are strictly prohibited during study hours.
Notes: _____

[ ] 5. Schedule specific phone check intervals
Set a timer for your study session and allow yourself to check your phone only after the timer rings.
Notes: _____

Reflection

Which step felt easiest, and which one did you avoid?

_____

What got in the way, and what is one small change that would help tomorrow?

_____

What will you do differently in your next session?

_____

7-day check-in

Day 1: [ ] Practiced Minutes: _____ One-line note: _____
Day 2: [ ] Practiced Minutes: _____ One-line note: _____
Day 3: [ ] Practiced Minutes: _____ One-line note: _____
Day 4: [ ] Practiced Minutes: _____ One-line note: _____
Day 5: [ ] Practiced Minutes: _____ One-line note: _____
Day 6: [ ] Practiced Minutes: _____ One-line note: _____
Day 7: [ ] Practiced Minutes: _____ One-line note: _____

This is a practical exercise, not professional advice. Adapt it to your own routine.
